Date 13th August, 2025

All Engineering Technology Professionals

**CONTINUOUS PROFESSIONAL DEVELOPMENT (CPD) CALENDAR
FY 2025/2026**

The Board of Directors in the Board meeting held on 4th August, 2025 approved the CPD Calendar FY 2025/2026 for engineering technology professionals. This is in line with Section 28 (2) of the Engineering Technology Act Cap 530A, which stipulates that a person applying for a license shall be required to submit a certificate of continuing professional development issued by the Board.

Forwarded herewith, please find the approved CPD calendar for information and further action.

Continuous Professional Development (CPD) Calendar FY 2025/2026

Goal	Activity	Thematic Area	Expected Outcome	CPD Points	Mode of Delivery	Location/D ate	Cost (Kshs)
1. Licensing and Registration	Sensitization	Sensitization on provisions of the Engineering Technology Act Cap 530A	Awareness to provisions of the Act	8	Physical	Nakuru	20,000
2. Share knowledge	Mentorship of engineering technology professionals	Strengthening professionalism and lifelong learning through structured mentorship in engineering technology	Develop leadership skills			24 th – 25 th September 2025	

Safety Enhancement	Occupational Safety and Health.	Enhancing workplace safety and sustainability in the built environment	Strengthened safety culture in engineering technology workplaces	8	Physical	Machakos	20,000
						4 th -5 th November 2025	
Mindfulness and wellness	Mental wellness	Promoting mental health and emotional resilience in the engineering technology workplaces. Breaking the silence: Creating the culture of mental wellness in engineering technology workplaces.	Improved awareness on mental wellness				
Professional networking	Engineering Technology Conference	Innovating for a sustainable future: Focus on eco-friendly technologies and sustainable practices	Build Professional Network	12	Physical	Naivasha	40,000
						4 th -6 th March 2026	
Team work	Legal Frameworks in Engineering Projects	Strengthening legal compliance and accountability in engineering projects	Compliance with legal provisions	8	Physical	Kisumu	20,000
						27 th -28 th May 2026
